

Lunch & Learn: Myths of Medicaid

Don't miss out on our upcoming seminar where we'll delve into Myths of Medicaid.

- Are you worried that you would have to sell everything and be penniless before you or a loved one can qualify for Medicaid?
- Are you hoping that your assets won't be counted if your spouse needs nursing home care?
- Have you put a child's name onto a bank account so that it's safe?
- Have you heard that a Medicaid-licensed nursing home is going to provide substandard care?

Here's a fact: Medicaid is the largest source of funding for nursing home care, but there are a lot of myths about how it works, who is covered, and how to qualify. Our important seminar should help put your mind at ease regarding all of the above.
