

SEMINAR

New Laws Affecting Seniors

The last few years have been marked by nearly constant change due to the recent COVID-19 pandemic and its after affects.

In part as a response to this, both state and federal governments have passed various laws and created or expanded programs, many of them aimed at assisting seniors, such as the inflation reduction act and the quality of care in nursing homes.

The goal of this presentation is to provide you with the most up-to-date information on new laws and/or expanded governmental services affecting you or your loved ones.
